SUMMARY

Software Engineer / Full-Stack Developer with hands-on experience shipping full-stack MERN and Next.js applications, integrating LLM features (RAG, response caching), and building data/ML pipelines in Python. Experienced with REST APIs and event-driven microservices (Spring Boot, Kafka). Looking to contribute to a team building scalable, reliable products.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, Typescript, JavaScript, SQL, NoSQL

Web & Backend: React.js, Next.js, Node.js, Express.js, Tailwind CSS, REST APIs, Spring Boot, Microservices
Databases: MongoDB, SQL

AI / ML & Data: RAG, LLM integration, caching, NumPy, Pandas, Matplotlib, Seaborn, scikit-learn

Tools: Git, GitHub, Postman, Kafka, Maven, JPA

INTERNSHIP

Genforge Studio [↗](#)

JUN 2026 – JUL 2026

Web Development Intern

Lucknow, India

- Develop **Modern web user interfaces**, **API integrations**, and **code optimization**

Softpro India [↗](#)

JUL 2025 – AUG 2025

Technical Trainee

Lucknow, India

- Worked on **Client-Side project** entitled **Grievance Redressal System on MERN Stack**

PROJECTS

AI-PREP [↗](#) | **MERN stack**

MAR 2026

- Developed a AI-powered interview preparation system using **MERN stack** to get preparation guide for interviews.
- Built Resume analyzer that rate your resume and spot skill gaps.
- Provides preparation plan with technical and behavioural questions.
- [Live Link](#)

CUSTOMER INTELLIGENCE SYSTEM [↗](#) | *Python, ML*

SEP-2026

- Built an end-to-end **churn prediction** pipeline to identify customers at risk of leaving and support data-driven retention decisions.
- Achieved approximately **0.85** cross-validation ROC-AUC and **0.85** test ROC-AUC with the selected model.

Professional Law - Legal & Business Compliance Platform [↗](#) | *Next.js App*

JUNE 2026

- Developed a full-stack legal and business compliance platform enabling businesses to discover services such as company incorporation, GST, trademark, FSSAI, ISO, and MSME registration and connect with legal/CA professionals for assisted filing.

EDUCATION

A.P.J. Abdul Kalam Technical University

2023 – 2027

B.Tech in Computer Science and Engineering

Lucknow, India

Bal Nikunj Inter College

2019 – 2023

*HighSchool and Intermediate - PCM - **Percentage - 90%(X), 79.6%(XII)***

Lucknow, India

EXTRACURRICULAR & CERTIFICATIONS

JPMorganChase Software Engineering Virtual Experience – Forage [↗](#)

FEB 2026

Developed a Kafka-integrated Spring Boot microservice for real-time transaction processing with JPA-based persistence and REST API integration, validated through Maven testing.

Certifications

Web Development Internship - Genforge Studio
Gen A.I. - Simpli Learn powered by Google Cloud

Software Engineering Job Simulation - JPMorgan
Summer Internship - Softpro India
